

Public Health Office,  
32 South Street,  
BRIDPORT.

ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH  
TO THE BRIDPORT RURAL DISTRICT COUNCIL FOR THE  
YEAR 1947, INCLUDING STATISTICS FOR THE PERIOD  
1938 - 1947.

PUBLIC HEALTH STAFF.

Medical Officer of Health. Adam Armit, M.B., Ch.B., D.P.H.  
Sanitary Inspector and Surveyor L.F.A. Maddocks, A.M.C.T., A.M.I.M.E.,  
and Water Engineer. L.R.I.B.A., M.R.S.I.  
Veterinary Surgeon (Part-time). K.I. Marshall, M.R.C.V.S.  
Clerk to the Medical Officer. Miss E. Hansford.

STATISTICS OF THE AREA.

Area in acres	.. .. .	32,150
Registrar General's estimate of Population.	.. ..	7,266
No. of inhabited houses (according to the Rate Books as at end of 1947)	.. ..	2,480
Rateable Value	.. .. .	£33,768
Sum represented by a Penny Rate..	.. .. .	£137.

EXTRACTS FROM VITAL STATISTICS.

# SANITARY CIRCUMSTANCES OF THE AREA.

## WATER SUPPLY.

The Bridport Water Works Company is the largest supplier in the Area. Their Act of Parliament empowers them to take a maximum of 320,000 gallons per day from the springs at Litton Cheney, but at times these springs do not yield this amount. The Company's Statutory Area, in addition to Bridport Borough, comprises the parishes of Allington, Bothenhampton, Bradpole, Burton Bradstock, Chilcombe, Litton Cheney, Lodors, Shipton Gorge, Swyre and Symondsbury, but at present the Company only supplies Bothenhampton, Bradpole, Burton Bradstock and parts of Litton Cheney and Symondsbury. Chideock is supplied by the Chideock Water Works Company from springs averaging 13,000 gallons per day. The district Council own the Charmouth Water Undertaking which serves a normal population of 800 and a summer population approximating 2,000 with an average daily consumption of 56,000 gallons, and a storage capacity of 40,000 gallons, with four miles of mains. There are various sources collected from the Hogchester Hill area, where the water is fully treated by storage, filtration and chlorination. The village of Puncknowle, containing a hundred persons approximately, gets its supply, vested in the R.D.C., from a continuously run pipe, the source of the water being on Tulks' Hill, with a yield of 7,500 gallons daily. A scheme has been laid before the Council and provisionally approved for the addition of more sources, and the laying of a main to supply the parishes of Puncknowle and Swyre and the Coast Road, having an approximate population of 230, with a possibility of incorporating West Bexington.

There is a small piped supply at Askerswell of 1,000 gallons flow, and a storage capacity of 2,000 gallons, with a  $\frac{1}{4}$  mile of mains. Whitchurch village is supplied by a private company. Parts of Symondsbury, Morcombelake and Wootton Fitzpaine are also supplied privately.

No progress has been made during the year on the comprehensive scheme to supply the whole area mentioned in last year's report.

Both the Bridport Water Works Company's supply, and Charmouth supply are continuously chlorinated.

No. of bacteriological examinations carried out in respect of privately owned supplies during 1947.....	41.
No. of bacteriological examinations carried out in respect of Local Authority's supplies during 1947.....	10.
No. of chemical examinations carried out by Local Authority supplies during 1947.....	6.
Total.....	57.

The results of the bacteriological examinations were as follows:-

	<u>Privately Owned Supplies.</u>	<u>Local Authority Supplies.</u>
Satisfactory.....	7	7
Suspicious.....	14	0
Unsatisfactory.....	20	3

Count on Nutrient Agar after 72 hours at 20-22°C .. ..	100	120	1
Coli Aerogenes per 100 m. after 48 hours at 37°C.. ..	1	Nil	2

## DRAINAGE AND SEWERAGE.

The drainage in the district is very unsatisfactory. Apart from those areas immediately adjacent to Bridport Borough and the few Council Houses with their septic tanks, the remainder of the villages, on a Water Carriage System, discharge crude sewage into the nearest water courses, with the result that the latter are very grossly polluted. This is especially so at Charmouth, Chideock, Bradpole and Burton Bradstock.

The effluent sewer at the rear of East Road, Bridport, has proved inefficient and plans for the provision of the 6" sewer have been prepared and it is hoped that the work will be executed during 1948. Plans have also been prepared for the installation of a 6" sewer from the Mount Joy Estate, Bothenhampton. Schemes are in hand for Charmouth and Puncknowle.

## PUBLIC CLEANSING.

A monthly collection of indestructible refuse is made from all parishes and the material deposited on the dump at Burton Bradstock. As this dump is nearing capacity, the Council are looking out for alternative sites.

Salvage is collected monthly from all parishes, and is sorted and sold at the store at Bradpole.

A new salvage and refuse collection route was put into operation on the 1st February 1947, and has proved most effective, the only places not receiving regular collections being Chilcombe and Askers Road House, and these are collected by request.

The Council own their own lorry and employ three men in the collection and disposal. In connection with public cleansing 57 collections were made during 1947.

## INSPECTION AND SUPERVISION OF FOOD.

### Condemnation of Food.

The following food was condemned during the year:-

Tinned Corned Beef.....	12 lbs.	Tinned Unsweetened Milk.....	3 lbs.
" Oysters.....	1/2 lb.	" Beans in Tomato Sauce.	1 lb.
" Carrots.....	12 lbs.	" Peaches.....	2 lbs.

Milk Supply.

Cowsheds and Dairies.

No. of persons on Register.....	247.	No. of Dairy Farms, etc. on Register.....	250.
No. of Dairy Farms Inspected....	31.	No. of Notices served.....	Nil.
No. of Milk Shops Inspected....	1.	No. of Notices served.....	Nil.
No. of Inspections in respect of Ice Cream Regulations....	9.	No. of Notices served.....	Nil.
There are 55 T.T. and 13 Accredited producers on the Register.			

Milk Analyses.

Six milk samples were taken for analyses, five were satisfactory. Three Ice Cream samples were taken from two makers and these samples were in Grade A. Visits were paid to the makers and suggestions made towards obtaining a cleaner product.

SANITARY INSPECTION OF THE AREA.

No. of Inspections under the Public Health Act 1936, (Nuisances)...	117.		
No. of Inspections under the Public Health Act 1936, (Bye-laws)....	280.		
No. of Inspections under the Water Act 1945.....	3.		
No. of Inspections under the Factories Act, 1937.....	4.		
No. of Disinfections after Infectious Diseases.....	21.		
No. of Inspections of Water Supplies.....	119.		
No. of Inspections of R.D.C.'s Sewers.....	112.		
No. of Inspections of R.D.C.'s Houses regarding repairs, etc.....	66.		
No. of Inspections and visits of R.D.C.'s Housing Sites and Schemes.	367.		
No. of Inspections of properties regarding the issue of Licences under the Defence (General) Regulations.....	83.		
No. of Inspections of Conveniences.....	30.		
No. of Inspections under the Private Street Works Act.....	2.		
No. of Miscellaneous Inspections and Visits.....	95.		
No. of Informal Notices served.....	49.	No. complied with.....	48.
No. of Formal Notices served.....	6.	No. complied with.....	4.

Eradication of Vermin.

One vacated bungalow was disinfested.

Rodent Control.

A Notice under the Infestation Order 1943, was served upon the Council by the Ministry of Agriculture and Fisheries in December, regarding the refuse dump at Burton Bradstock.

One inspection, apart from the refuse dump was made regarding rat and mice infestation, and the owner occupier was notified. He complied with the Notice.

Petroleum, Spirit and Carbide.

No. of Inspections..... Nil.

Shops and Offices.

No. of Inspections..... Nil.

Camping Sites.

These are scattered all over the District, and the owners are notified regarding precautions to be taken about water supplies and disposal of sewage, etc. Fourteen inspections were carried out.

School Premises.

These are inspected regularly. Of the 13 schools in the area, excluding the Convent, none have heating facilities in the Cloakrooms, 3 have to have water brought in buckets from springs or wells outside the school premises for drinking water, 5 have bucket or vault closets, 11 have T.T. milk and 2 Accredited.

# HOUSING.

## Inspections of Dwelling Houses.

No. of houses inspected..... 31. No. of inspections..... 61.  
No. of houses found to be unfit for human habitation..... Nil.

## Remedy of Defects without service of Formal Notice.

No. of houses rendered fit in consequence of informal  
Action by the Local Authority..... 6.

## Housing Act 1936.

No. of houses in respect of which notices were served  
requiring repairs..... Nil.  
No. of dwelling houses in respect of which Demolition  
Orders were made..... Nil.  
No. of houses in respect of which Closing Orders were made..... Nil.

## Public Health Act, 1936.

No. of dwelling houses in respect of which Informal Notices  
were served requiring defects to be remedied..... 10.  
No. of dwelling houses in which defects were remedied after  
service of Informal Notice:-  
a) By the Owners..... 6.  
b) By Local Authority in default of Owners..... Nil.

## Re-Housing.

No. of houses in the course of re-construction into Flats..... 10.  
No. of houses re-constructed into Flats..... 7.  
No. of families re-housed..... 15.  
No. of new Houses completed:-  
a) By Local Authority..... 2.  
b) By Other Bodies..... 23.  
No. of families in new houses..... 26.  
No. of persons in new houses..... 92.  
No. of houses in the course of construction:-  
a) By Local Authority..... 2.  
b) By Other Bodies..... 24.  
No. of houses owned by the Local Authority..... 89.  
No. of building sites acquired by the Local Authority..... 4.  
No. of working-class houses in the District. (approx.)..... 1600

The four cases of Diphtheria all occurred in one family, none of whom had been immunised, and the cases were very mild. There were slight outbreaks of Measles and Whooping Cough in the first half of the year. There was one death from Cerebro-Spinal Fever, namely a sailor who died two days after coming home on leave. From the Schools were reported: Whooping Cough 29 cases, Chickenpox 3 cases, Ringworm 2 cases, Measles 4 cases, Scarlet Fever 1 case, and Broncho Pneumonia 1 case.
